Hello ...

Stansted Airport College is the first of its kind in the country and as such offers you a unique opportunity to get onto the first rung of the career ladder within the aviation industry.

We have strong partnerships with a whole range of employers on the Airport campus. Our partners are involved in the design and delivery of the curriculum, providing work placements and offering real job opportunities at the end of your course.

We have a purpose-built facility and state-of-the-art resources, so that our trainees are used to working in a professional environment.

Being part of Harlow College, we are recognised by Ofsted for our Good quality, support for trainees and having excellent systems in place to make your learning exciting, meaningful and innovative.

Stansted Airport College

London Stansted Airport, Uttlesford

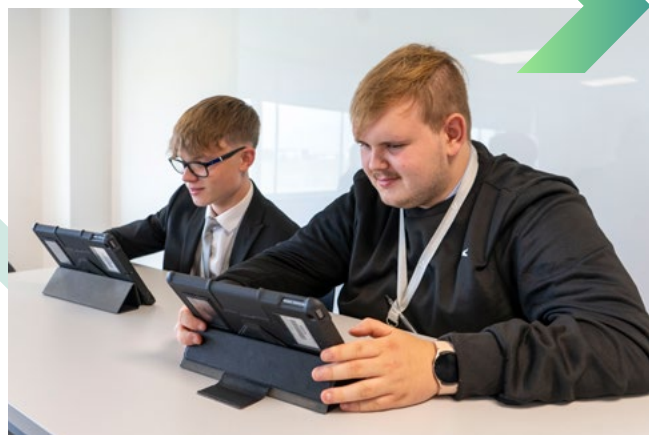

The College is a partnership between London Stansted Airport (MAG) and Harlow College - the first of its kind at any airport in the country.

Opened in September 2018, the College offers an exciting range of technical and professional courses, in the disciplines of Aviation, Engineering and Events Management.

The College offers the opportunity to:

Gain top quality, industry recognised qualifications taught by experienced professionals

- Access real work experience and live briefs, from the 200+ business partners around the airport
- Have guaranteed interviews for Apprenticeship and job opportunities
- Progress to higher levels of study including Apprenticeships and degrees

We're part of Harlow College

Harlow College is delighted to be leading this College, in partnership with London Stansted Airport (MAG).

We thought you'd like to know a bit about us. Our Head of Centre, Victoria Clayden-Smith, is supported by our Principalship team.

We are graded Good by Ofsted and have won awards for our innovative approach. We are the first further education College in the UK to gain Apple Distinguished School status. Our students get great results – our first full cohort of students on our new T Level courses at Harlow College achieved a 100% pass rate with 74% achieving the higher grades of Merit and Distinction.

Our teaching staff have industry expertise and our excellent employer links and work placements get our students onto the first rung of the career ladder - you can see some of the fantastic opportunities available to our trainees throughout this Guide.

The Principalship Team

**Paul
Whitehead**

At Harlow College we take learning seriously, providing a great range of courses to equip students with the skills needed to prepare for the workplace, an Apprenticeship or for further study at college or university. Our teaching staff have industry expertise, matched by industry-standard facilities, including specialist workshops, classrooms with the latest technology, as well as great social spaces to relax.

Our excellent employer links and work placements give our students first-hand experience of the world of work.

Our students make Harlow College a special place - there are great opportunities to get involved in College life, whether you choose to become a Digital or Marketing Ambassador or volunteer in the community.

Did you know?

We have eight 360° virtual tours of our campus and specialist facilities?

Tour the campus

Our Facilities

Designed with the aviation industry at the forefront, our facilities reflect the professional, real-life working environments you would expect at any major airport around the world.

Visit the Atrium

Training Rooms

Designed to encourage collaborative working, our training rooms feature inspiring views across the runway to the airport.

Visit a Training Room

Computer Suites

Equipped with the latest IT facilities, laid out to reflect the professional workspaces of the business world.

Visit the Suite

Cabin Crew Room

Kitted out with real aeroplane seats, offering trainees the most realistic working environment.

Visit the Cabin

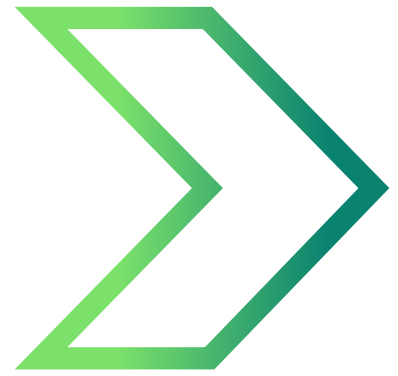

Engineering Workshop

Designed along the lines of an aircraft hangar, home to two jet engines, including a Boeing 737 engine.

Visit the Workshop

Bombardier Challenger 600 Jet

The Bombardier Challenger 600 jet aircraft was generously donated by the Inflight Group and is a permanent fixture at the College, allowing trainees the opportunity to gain practical hands-on experience from working on it.

The students simulate component removal and system testing and the engines are still operative! They can comprehensively carry out full maintenance activity on an aircraft. The idea is that she will now bring many further years of benefit to the trainees at Stansted Airport College as they embark on their careers in the aviation industry.

Take a tour of the jet

Your Future Employers?

"The College is the centrepiece of our Corporate Social Responsibility Strategy and is a critical project as we plan for the future growth. In the next decade, we will need skilled onsite workers, with the type of qualifications offered by Stansted Airport College. This partnership will allow us to not only build up the skills base for continued successful growth, but also benefit the Uttlesford District and the wider region by offering more career and training opportunities to local people."

Steve Griffiths, Managing Director

"As a company we are passionate about training, development and mentoring to enable learners to reach their full potential. After experiencing the first-class facilities at the College, the enthusiasm of the staff and the potential to students, it was apparent the College shared these values and we are delighted to be able to work with the College as a partner on educating the next generation of aviators."

Yasmin Milner, Head of Training

"The greatest challenge the aviation industry faces is a shortage of trained and skilled professionals. Universal Aviation is proud to support Stansted Airport College in its efforts to mould the next generation and future leaders of our industry."

Perry Gaffney, European Operations Manager

"Driving a superior flight experience through innovation and ensuring safety is our chief priority, and this is where our people come in - from 350 aircraft engineers, to 750 pilots and 2500 cabin crew. In partnership with Stansted Airport College, we look forward to delivering outstanding training to our next generation of TUI apprentices."

Andy Rowe, Hangar Manager

"We welcome this initiative - there have not been enough opportunities for young people to train for skilled jobs within aviation. This is a step forward for the airport and the industry and we look forward to working closely with the College."

Greg Macleod, Managing Director

KEARSLEY AIRWAYS LTD

"Our work here encompasses depths of maintenance on aircraft components that are very specific and specialised in terms of engineering. To maintain our competitive edge, we need to develop not just technical skills but a culture where everyone is responsible for safety and quality of service."

Mal Fenton, HR Manager

"Skysmart has an established working relationship with Stansted Airport College, our extensive in-house training partnered with the specific training and qualifications offered by Stansted Airport College ensures the success of our apprenticeship programme, which provides Skysmart with qualified and competent engineers at the end of the programme."

Andy Webb, Managing Director

"DHL are extremely proud of our partnership with MAG London Stansted Airport and to support key initiatives, such as Stansted Airport College. It is fantastic to hear how the College continues to grow and adapt in this current climate. The logistics industry is forever growing and we are continually looking for the future leaders of tomorrow. We look forward to working with Stansted Airport College in nurturing this talent to better equip the students for their future careers."

Rob Jones, General Manager

"Inflite are pleased to be working in partnership with Stansted Airport College. This year, we have hired seven students into apprenticeships across the Inflite group, both in aircraft maintenance and manufacturing. We look forward to working with the College going forward to offer more opportunities to young people in line with our growth plans."

Jacqui Mace, Group HR & Payroll Manager

"The 4 star Novotel ranked #1 on TripAdvisor for Stansted. We work closely with the College and have recruited a number of students over the years. The hotel has 250 bedrooms, 8 meeting rooms and restaurant. We look forward to welcoming new students to gain invaluable hands-on experience across all areas of the hotel."

Elaine Wells, Talent and Culture Manager

"FedEx at Stansted Airport offers a unique dynamic to the operation as it's home to our Air and Ground Operations as a UK Gateway, meaning we offer a wide range of experiences, roles and services whilst ensuring our employees are at the heart of our everyday success."

Claire Callaghan, Operations Manager

My role is to help organisations understand that our physical and mental wellbeing, organisational decisions, and organisational culture influence performance. I enjoy working closely with Stansted Airport College because I'm passionate about empowering the next generation of aviation professionals with the tools they need to care for themselves, each other, and most importantly the safety of the passengers who they will be responsible for.

Felicity Argent, Director

Trainee Support

We aim to provide you with the very best advice, guidance and support to help you on your learning journey.

Learning Support

High quality support to individuals with learning difficulties, disabilities, or other additional needs including emotional, medical, social or behavioural.

Financial Support

A Bursary Fund is available to assist eligible trainees with costs related to attending College.

Pastoral Care

Trainees have regular meetings with their Personal Development Coach who will guide them through their study programmes. The College has a Pastoral and Welfare Officer and Mental Health First Aiders to support trainees wellbeing and resilience.

Keeping You Safe

A fully trained team of safeguarding personnel are available at all times to help you with any concerns you may have.

Work Placements

It's a competitive jobs market out there ...

It pays to do anything that gives you a head start over the rest.
As a Stansted Airport College trainee you will have access to at least 30 hours of work placement during your course.

Our Work Placement Team can advise you about:

Work Placement Opportunities

Apprenticeships & Job Vacancies

➤ English & Maths

A tailored programme

Having strong skills in English and Maths remains one of the most important assets for employment and life.

Whatever vocational course you choose to study, we will work with you to improve your English and Maths. If you join us from school without a grade 4 (or above), don't worry, because we'll continue to work with you to develop your English and Maths.

If you have GCSEs grade 4 and above your English and Maths will not be forgotten. We'll build these skills around your main course of study, enhancing your existing skills and helping you develop new ones.

Distinguished School

We're an Apple Distinguished school

We are at the forefront of digital innovation in the UK, having been recognised as an Apple Distinguished School for 2022–2025 for the second time, after first being named as an ADS in November 2017, for our innovative work using iPads for Learning, Teaching and Assessment in the classroom and beyond.

All enrolled 16-18 year old trainees at Stansted Airport College will be eligible to loan an Apple device to enable them to learn where and when they want.

The College expects all trainees to have use of an iPad for their learning.

Apprenticeships

Apprenticeships are a great way to get into the world of work.

An Apprenticeship can launch your career and allow you to earn and learn at the same time. You will gain invaluable experience of working in a professional environment with the benefits of formal training.

An Apprenticeship can be a route to university level qualifications. You usually start at Level 2 or Level 3 and you can then progress to a Higher Apprenticeship at Level 4, or go on to study for part-time degree level qualifications such as HNCs, HNDs and Foundation Degrees.

We also offer a Pre-Apprenticeship, which is designed to help you transition into an Apprenticeship and focuses on developing a broad range of skills used in industry.

Employment

Professional skills

Weekly wage

Industry contacts

Stansted Airport College work with local and national employers to provide career-starting Apprenticeships and Pre-Apprenticeship training.

Course Types

➤ Vocational courses

Full time study! Depending on your GCSE results, start at Level 1, 2 or 3. There is a mix of practical and theory work, focusing on the industry skills that employers are looking for.

➤ Apprenticeships

Earn while you learn! You will need to secure an Apprenticeship role and then typically spend one day per week or take block release at the College to gain your qualification.

➤ Work Transition courses

Prepare for the workplace! These courses support you in transitioning into the workplace. A great option for those that have finished Sixth Form.

➤ Higher Education

Continue your studies! Many of our courses are available beyond Level 3 as Higher National Certificates and Diplomas and other professional qualifications.

Our **Harlow Campus** also provides the opportunity to study for:

> **A Levels**

An academic route to higher education, Apprenticeships or employment.

Study a mix of subjects and/or combine with a BTEC.

> **T Levels**

Technical programmes delivered over 2 years.

80% delivered in college and 20% on-the-job through an Industry Placement.

Interested in working at London Stansted Airport?

If you are aged 19+ and are looking for employment at London Stansted Airport, our Exploring the Aviation Industry training is the right course for you. On this free* course delivered over 10 days, you will learn how airports operate, the skills needed for a variety of ground operations jobs and get the technical skills required to work at an airport.

Services for Business

We offer over 30 online and blended learning training and development programmes across key areas, tailor-made to address your organisation's specific needs. Whether you're looking for a fully certificated programme or an up-skilling session.

What we do:

- 1** Offer advice and information services to businesses to identify needs and potential training solutions
- 2** Build learning plans for individuals and organisations that accelerate performance
- 3** Cater for all levels from beginners to advanced, for individual learners as well as employers seeking staff training opportunities

Our training courses are available using a range of learning options including blended and online learning.

*Terms and conditions apply

Over 27 million passengers have passed through London Stansted Airport in the last 12 months, making it the UK's fastest-recovering major airport since the pandemic.

With 200 destinations across 40 countries, it is a market leader for short-haul travel across Europe and serves more scheduled connections to Europe than any other UK airport.

It also has double daily flights to Dubai with Emirates' allowing passengers to access the airline's global network of over 150 destinations.

A major cargo hub, the airport ships goods worldwide, including to the Far East and the USA.

Stansted has the highest public transport use of any airport in the UK and is among the best in Europe.

With over 12,000 employees working for 200 companies, it is the largest single-site employer in the East of England.

To build a more sustainable future, London Stansted's owner, MAG, has an extensive and ambitious strategy in place, with a target to be Net Zero carbon by 2038 – 12 years ahead of the national target.
